— Light is Life —

DALL' ARCHITETTURA
DI PIETRA
ALL' ARCHITETTURA
DELLA LUCE

P H O T O G A L L E R Y

Vivo nell'ombra per illuminare emozioni.
Dipingo sogni in punta di luce.
Non importa chi io sia né da dove venga.
Ció che ho realizzato appartiene ormai al tempo;
ció che realizzeró sarà figlio di un'emozione che potró sempre e solo sfiorare.

*I live in the shadow to light up emotions.
I paint dreams in tip light.
It doesn't matter who I am or where I am from.
What I did already belongs to the time;
What I will do will be the son of an emotion
that I will always and only be able to touch lightly.*
